

Building Science Specialist

Job #1550

Davroc & Associates Ltd.
Brampton, Ontario, Canada

Job Title

Building Science Specialist

Description

Davroc & Associates Ltd. is a Canadian owned firm of Consulting Engineers providing a full range of engineering services in connection with the construction, maintenance and rehabilitation of buildings and structures. We seek an intermediate Project Engineer to join our team. The person will be responsible for the delivery and management of building assessments, investigations and restoration projects.

Responsibilities:

- Manage building restoration projects from conceptual design to final completion
- Perform site investigations and evaluations of existing building and structures
- Develop restoration programs and present viable rehabilitation scenarios to the client
- Coordinate with other engineering and architectural disciplines
- Perform contract administration/construction review responsibilities
- Develop and maintain client and contractor relationships base

Qualifications:

- Degree/Diploma in Civil Engineering or Technologist program
- Minimum of 3 to 5 years previous experience in building science
- BSSO designation an asset

Other competencies:

- Experience with concrete and masonry restoration, cladding and glazing upgrades, etc.
- Solid project management skills and the ability to manage performance of others
- Ability to build collaborative relationships with clients, technical staff, and sub-consultants
- Ability to gather and diagnose information, interpret data and drawings and assess conditions of multiple components
- Analytical problem solving skills and strong investigative aptitude, including ability to troubleshoot and diagnose building performance issues
- A proven team player who fosters team work and cooperation
- Fast learner with the ability to develop technical and interpersonal skills
- Excellent verbal, written communication skills including presentation skills
- Strong work ethic, eager to assume responsibility quickly

How to apply:

Become a valued member of our team with the potential to grow and manage your own team. We offer a competitive compensation and benefits package.

Please email your resume to: **hr@davroc.com** with the subject line of the position you are applying for.

We appreciate your interest in joining the Davroc team, however we will contact only those candidates who are short-listed to set up an interview. Thank you.
